RapidSSL® Wildcard Certificate

Now called RapidSSL Wildcard DV

Protect sub-domains w/ unlimited server licenses at no extra cost

A **RapidSSL® Wildcard** certificate (a.k.a RapidSSL Wildcard DV) will secure ALL of your sub-domains with only ONE certificate issued to *.yourdomain.com for much less than most. As one of the **cheapest wildcard SSL certificates**, it's still an **outstanding value** because it allows you to get this extremely popular **domain validation (DV)** certificate issued almost immediately so you can instantly begin protecting your site and all its subdomains with a very well-known brand. It even includes **unlimited server licenses at no additional cost** and covers the WWW and non-WWW version of your root domain too!

RapidSSL® Wildcard certificates offer 99+% browser compatibility with up to 256-bit encryption, 2048-bit CSR encryption, a basic level of assurance by displaying the padlock icon in the browser bar, a static site seal and includes a $10,000 warranty to cover all of your subdomains.
